

CmdParser::equalValueFromKey

```
graph LR; A[CmdParser::equalValueFromKey] --> B[CmdParser::getValueFromKey]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a gray rectangular box contains the text 'CmdParser::equalValueFromKey'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'CmdParser::getValueFromKey'. Above the white box, a curved blue arrow starts from its top edge and points back to its top edge, forming a self-loop.

CmdParser::getValueFromKey
